New Rule

by [mystiri1](#)

Summary

Xemnas gets no respect.

Xemnas listened to Luxord's report, and nodded. "Thank you, Number X. Now, do we have any other business to - Dammit, Number IX, will you stop *crunching*?" He glared down at Number IX from his throne - the tallest, of course.

Demyx slouched lower on his own throne, and mumbled, "Sorry, Superior," around a mouthful of potato chips.

"We are trying to discuss serious matters, important issues that will lead to our acquiring Kingdom Hearts, and you're busy masticating artificially preserved food products loudly enough that I can hear you from here! This is not appropriate!" Xemnas glared. "New rule! No snack foods at Organization meetings!"
